

## Calculate Level 3 Interchange Savings

A complimentary review and savings analysis of your most recent merchant statement is a simple and effective way to reduce your card payment processing expenses.

## Lower Your Bottom Line Processing Cost

### Better Rates & Pricing Structure

Provide a copy of your current merchant statement for a detailed savings analysis, quote & proposal to enable you to make an informed decision. There is no obligation, the report is yours to keep for future reference.

## Support from a Specialist in B2B Payments

### Personal Service

Professional consultation on a B2B payment solution that is right for your business and ongoing support from an experienced account relationship team.

## Terms that Build Trust

### Month-to-Month Agreement

We want to be your payment processing partner and for the chance to earn your businesses every month. No long-term contracts or cancellation fees so you can make a no risk decision.

## Payment Technology to Meet Your Needs

### Commercial Payment Solutions

Specialized B2B virtual terminal and API fully integrated into your abas ERP to accept consumer, commercial and international card payments from all major card brands.

## Earn Rewards!

### Processing Incentives

If you like earning rewards when you use your card, now you can earn rewards when you accept card payments from your customers.

## Getting Started is Easy

Simply email your merchant statement to Jim Rancourt at [jrancourt@vantageb2b.com](mailto:jrancourt@vantageb2b.com)

Call Jim at 800-506-7195 or fax him at 860-651-4215 for personal care.

Thank you for the opportunity to earn your business!
